Lebanon County Conservation District (LCCD) would like to sincerely thank Donald Bollinger and Connie Hoffer as they retire from their positions as long-standing Directors on the LCCD Board. Donald started as a Director in 1965 and Connie in 1995, providing over 70 years of combined, indispensable knowledge and experience. Donald and Connie spent countless hours attending board meetings, assisting with outreach events and advocating for LCCD. Thank you Donald and Connie for volunteering your valuable time to help promote the mission of LCCD: to protect and promote wise stewardship and conservation of the natural resources of Lebanon County; and to educate and encourage all people to share in this worthy mission.

"Volunteers do not necessarily have the time, they have the heart."
- Elizabeth Andrew
AGRICULTURE >>>
Ag EES and Conservation Plans completed: 48 (2,012.2 acres)
*Number of Acres wrapped agronomic practices: 838.5 acres
**Agricultural Chesapeake Bay Inspections: 75

Utilizing funds from various state and federal programs, LCCD assisted agricultural operators in implementing the following best management practices: streambank fencing, waste storage facilities, grassed waterways, animal access lanes, mortality composting facilities, underground outlets, heavy use area protection, and roof runoff controls.

* Agronomic practices are applied during site visits; implemented practices such as conservation crop rotation, cover cropping, and no-till are documented.
** The basics of agricultural erosion and sedimentation, and manure management requirements are verified during these visits.

Agricultural Land Preservation >>>
Preserved 4 easements (261.98 acres)
